	Do I have a termination fee or any fees associated with terminating service? This fee will not apply if you move and provide a forwarding address or other evidence to verify that you have moved.

	If my price can change, how will it change and by how much?	Your price can change to reflect actual price changes that are allowed by Public Utility Commission rules due to changes in law, transmission and distribution service provider's charges, hub to load zone basis, or regulatory charges. The price applied in the first billing cycle may be different from the price in this EFL if there are changes in TDU charges; changes to the Electric Reliability Council of Texas or Texas Regional Entity administrative fees charged to loads; or changes resulting from federal, state or local laws or regulatory actions that impose new or modified fees or costs that are outside our control.
